

### RBS-REVERSE BEVEL

### REVERSE BEVEL EDGE DETAIL

Elite Series is characterized by floating modesty panel which is divided from the rest of the desk by aluminum barrels. The floating top is also separated from the pedestals by aluminum laminate riser.

## ELITE

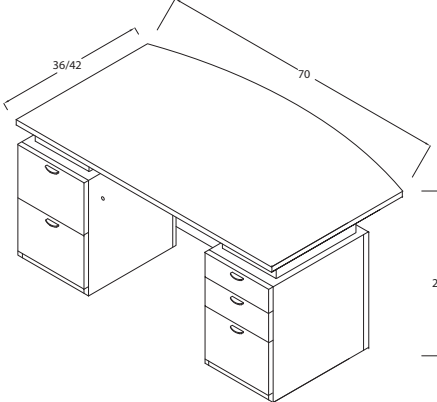

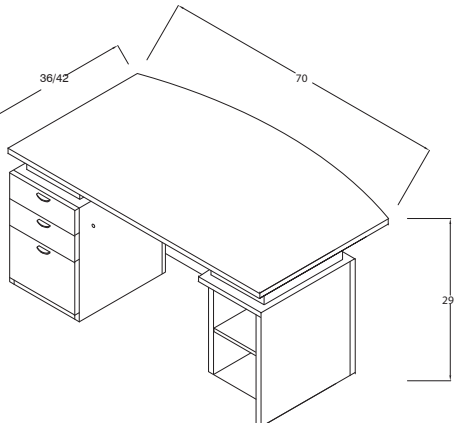

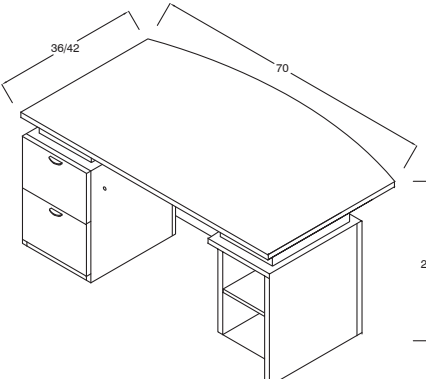

This contemporary series includes a brand new edge detail – Reverse Bevel.

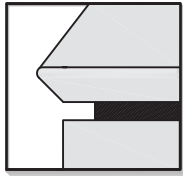

Credenzas feature aluminum door frames with glass or wood doors. Credenzas are available with a variety of pedestal configurations.

Elite Series introduces new aluminum pulls for all drawer fronts and doors, as well as self/soft closing hinges on all doors and drawers.

Modesty panels are available in various wood designs or aluminum laminate.

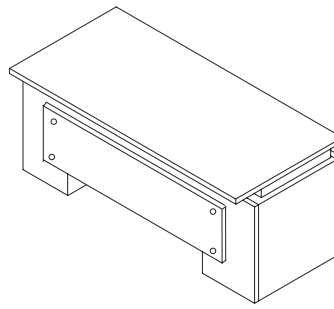

Customized options/designs are available upon request.
